Windows XP Instructions

1. Access the list of available wireless networks:
   - Click on the **Start** button.
   - Go to **Connect To**.
   - Select **Wireless Network Connection**

2. Double-click on the **SJCD-Guest** network to connect.

3. You may receive a warning prompt that states 'You are connecting to the unsecured network 'SJCD-Guest'...'. If you receive this message, simply click on **Connect Anyway**.
4. You will then be connected to the wireless network. Open a web browser.

5. Your browser may automatically direct you to a Portal Login page. If prompted, enter your email address in the provided text field and click on **Log In**.
Windows 7 Instructions

1. Click once on the Wireless Connections icon in the taskbar. If you are unable to locate this icon, follow these steps to view available wireless networks:

   a. Click on the Start button and select Control Panel.

   b. Select Network and Sharing Center.

   c. Select Connect to a network.
2. Click once on SJCD-Guest to select it.

3. Click on Connect.

4. You will then be connected to the wireless network. Open a web browser.

5. Your browser may automatically direct you to a Portal Login page. If prompted, enter your email address in the provided text field and click on Log In.
Mac OS Instructions

1. Click on the AirPort icon in the menu bar.

2. In the sub-menu that appears, click on SJCD-Guest.

3. You will then be connected to the wireless network. Open a web browser; such as Safari.

4. Your browser may automatically direct you to a Portal Login page. If prompted, enter your email address in the provided text field and click on Log In.
iPad Instructions

1. Tap the **Settings** application icon on your iPad

2. In the Settings screen, select **Wi-Fi** from the menu on the left.

3. From the list of available networks, tap **SJCD-Guest**.
NOTE: If no networks are displaying, check to ensure Wi-Fi is turned on. If off, simply tap the on/off button to enable wireless.

4. Your iPad should now automatically connect to the SJCD-Guest Wireless. Successfully connection will be denoted by a check mark next to the wireless network.

5. Open Safari
6. Your browser may automatically direct you to a Portal Login page. If prompted, enter your email address in the provided text field and click on **Log In**.
