Instructions on How to Connect an iOS device to SJCD Secure

**How to Connect to SJCD-Secure**

1. From the home screen tap **Settings**.

2. On the Settings Menu, tap **Wi-Fi**.

3. On the Wi-Fi menu, tap the **On/Off** button to activate.

4. Once activated, the available wireless networks appear.
5. Select **SJCD-Secure**.

6. Type in your network credentials.
   - **Username** = firstname.lastname or firstname.lastname@sjcd.edu
   - **Password** = your network password

7. Tap **Join** to proceed.

8. Tap the **Accept** button.

9. You will be redirected to the Wi-Fi menu. Your iPhone is now connected to the secure wireless network.
